2. SBTET/AAC/ ATTN/Atn2/2/2018- Academic Section-2, Dt: 19-11-2018.

With reference to the subject cited, you are aware that the classes for even semesters were started on 05.11.2018, accordingly the biometric attendance system is being implemented from the beginning of the semester for students and staff. On reviewing of the attendance of the students from the date of commencement of this semester, it is observed that out of total registered 69,448 candidates 21,535 candidates only have secured 65% and above attendance till 15.01.2019 for last 46 working days.

In this regard, it is further informed that 21,535 candidates can get promoted if they attend for more than 29 days in the coming days and 24,147 candidates can get promoted if they attend all the 45 days from the remaining 45 working days till 19.03.2019.

In view of the above, it is observed that there are 23,766 candidates who have attended less than 16 days out of 46 working days till 15.01.2019 and got less than 30% of attendance. They shall not get 65% of attendance even if they attend all the remaining working days till the last working day i.e 19.03.2019.

Hence, all the Principal are informed to create awareness among students and see that all such students shall attend classes and mark attendance in BMA devices regularly, else students shall be detained on account of falling short of prescribed attendance to write the end examinations, by downloading the student attendance status report from the ABAS Portal, further you are informed to intimate the same to the concerned parent without fail immediately.

Hence, you are informed to bestow your personal attention to elicit the importance of attendance captured through Biometric Devices installed at the institutions.

Yours faithfully,
